

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Sheehan on 6/16/09.

The application has been amended as follows:

In the claims:

Claim 1, line 1, "comprising" has been changed to ---consisting essentially of---.

2. The following is an examiner's statement of reasons for allowance: Bradley (U.S. Patent number 5,849,201) teaches contacting with persulfate (col 9 line 67); ph modifier (col 11, line 11); and catalyst ; followed by a subsequent step of adding ozone (col. 11 line 17). Bradley thus teaches steps in addition to the contacting with a composition consisting essentially of persulfate, ph modifier and optionally catalyst. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Kreck whose telephone number is 571-272-7042. The examiner can normally be reached on Mon-Fri 6am-3pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Bagnell can be reached on 571-272-6999. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
